

JOB DESCRIPTION

Job Title: Occupational Therapist

Department: High Close School

Section: South East & Anglia

Reports to: Principal and Head of Therapeutic Care

Line Manager and Budgetary Responsibilities:

Direct reports: Occupational Therapy Assistant

Indirect reports: None

Budget managed: None

Context:

Occupational Therapist is a key role in the provision for the young people at the school

Key working relationships:

Internal contacts: All staff

External contacts: Parents, carers, local authorities and external professionals.

Job Purpose:

To work with the children, young people and staff across campus.

- To provide OT assessments, treatments, group work, work in the classrooms as well as direct work with children and young people providing programmes of OT (sensory diet).
- To represent the OT profession as part of the wider therapy team.
- Delivering training across campus and to parents as required.

Key Responsibilities:

1. The Occupational Therapist responsibilities:

- To plan and deliver, a pupil-centred occupational therapy service to a personal caseload of pupils and their families/ carers. This will include seeing students individually and/or in groups as appropriate.
- To assess and treat pupils with various conditions/disabilities and complex social and functional needs, within occupational therapy performance guidelines.

- Through assessment and analysis of findings, develop individual goal oriented treatment and intervention plans in collaboration with pupils (as appropriate), family/ carers and colleagues. This will include the application of skills to assess motor, sensory and cognitive function in the context of the student's social and physical environment.
- To utilise specialist occupational therapy skills in the assessment of the pupil and to gain valid informed consent for interventions and to work within a legal framework where consent issues are complex.
- To assess, prescribe, arrange provision and installation of specialised equipment and adaptations including seating.
- To monitor, evaluate and modify treatment in order to measure progress and ensure effectiveness of intervention.
- To ensure pupil's reviews demonstrate clinical reasoning and problem solving techniques to determine agreed outcomes.
- To undertake risk assessments to determine appropriate management, specifically related to the OT room and safe use of equipment. To ensure safety for self and others during all occupational therapy interventions.
- To apply an advanced level of understanding of factors influencing pupil development and of the effect of disability upon the pupil's occupational performance and provide training and advice on adaptations to the pupil's social and physical environment.
- To demonstrate professional skills and standards consistent with a specialist in the field and to ensure that services provided comply with professional and departmental standards of practice.
- To communicate and liaise effectively with other professionals, students, family/carers and other agencies to ensure an integrated pattern of service delivery. Use formal and informal reporting mechanisms to ensure effective communication.
- To attend and contribute to department meetings, including multi-disciplinary- and Therapy team meetings, and progress meetings relating to clinical caseload.
- To record students' treatment and other related activity in accordance with professional and departmental guidelines.
- Build and sustain relationships as an independent practitioner and collaboratively as a member of the team.
- To remain informed on developments and trends in occupational therapy practice by study of the current literature available and to adapt own working practices accordingly.
- To develop clinical, managerial and teaching skills via continuous professional development (CPD), including maintenance of an up-to-date CPD portfolio.

- To attend and contribute to regular supervision sessions and participate in performance reviews.
- To attend and contribute to TCI and Safeguarding training and other identified training.
- To contribute to the planning and co-facilitation of group with the wider therapy team to meet the needs of the children and young people.
- To conduct a comprehensive children and young people sensory processing needs and to be able to create sensory diets in collaboration with the children and young people.
- To support children and young people self-regulation skills, using approaches such as zone of regulation and or the alert program. Sharing and helping to embed these approaches in a whole school approach throughout the school.
- To contribute to the referral process of HCS looking at OT provision, identified needs and provision laid out in the EHCP and also identify children who will need OT assessments and prioritizing accordingly.
- To be responsible for the day-to-day supervision and management of the OT Assistant, including supervision work and providing regular clinical supervision and managerial supervision session.
- To be responsible for their performance and growth review process, individual goal setting and identifying training delegation of task according to the OT Assistant level of experience to post.
- To offer OT students placement, when possible, in order to promote and develop the profession.
- To be able to recognize and prioritise and respond to any safeguarding concerns as part of the daily work.
